

# eni 2 Stroke TC-W3

**2 Stroke TC-W3 Oil** is formulated to meet the requirements of the National Marine Manufacturer’s Association TC-W3 oil standard. This oil provides superior performance in high temperature (air-cooled) engines and unleaded regular fuels. **2 Stroke TC-W3 Oil** has no tendency to form gels in the presence of contaminants.

This product is recommended for outboard engines, including the latest high horsepower units. It will also provide excellent performance in 2-stroke engines of motorcycles, snowmobiles, lawn mowers and chain saws. It may be used at manufacturers recommended fuel/oil ratios from 11:1 to 100:1

### TYPICAL CHARACTERISTICS

Viscosity @ 100°C.,cSt	7.6
Pour Point, °C, ASTM D-97	-40
Flash Point, (PM) °C,	65
Sulfated Ash, % wt	Nil
CCS- cP ( °C)	5450@-25
Color	Blue-Green
TBN	3.6

**AVAILABLE PACKAGING: Bulk, Drums, Pails**

Due to continual research and development, the information contained herein is subject to change without notice. Always follow manufacturers’ recommendations for lubricant performance, viscosity grade and oil change interval as these may vary depending on ambient temperature, fuel composition, model year and environment of operation.
